

Adding Billing Plans

Go to Billing --> Plans

The screenshot shows the 'Billing : Plans' page in the Wifi-soft interface. The page has a dark blue header with the Wifi-soft logo and navigation icons. A sidebar on the left contains a menu with items like DASHBOARD, SHORTCUTS, NETWORK, WIRELESS, AUTHENTICATION, CONTROL, ADVERTISEMENT, BILLING, and others. The 'BILLING' menu is expanded, and 'Plans' is selected. The main content area is titled 'Billing : Plans' and contains a 'Plan Search' form with fields for Plan Name, Plan Type, Plan Fee, Controller, and Group Name, along with a 'Search Q' button. Below the search form is a 'List Plans' section with a '+ ' button to add a new plan. A table with columns: Id, Plan Name, Plan Id, Plan Fee, Plan Type, Controller Name, Group Name, Created Date, and Operations is shown, but it is empty with the message 'No data available in table'. The table also shows 'Showing 0 to 0 of 0 entries' and 'Previous' and 'Next' buttons.

Unibox allows administrators to create a new billing plan. A billing plan defines how much the user pays for using the Internet service. This page displays the list of all billing plans defined in the system. Each plan is displayed in a tabular format with name of plan, plan fee, Type of plan, plan creation date. There are 3 types of plan:

- **Fixed Time:** This plan has a fixed time duration. The plan expires once the time period is reached irrespective of whether the user used the service.
- **Time Usage:** This plan has time usage limit. The plan expires once the given time is used up or the validity period is reached.
- **Bandwidth Usage:** This plan has bandwidth usage limit. The plan expires once the given bandwidth is used up or the validity period is reached.

Creation

Click on the '+' icon to create or add a new plan in the Unibox. A modal form will be displayed that collects the information required to create a new plan.

The fields marked with asterisk (*) are mandatory.

Fixed Time:

The screenshot shows the 'Add Plan' form with the 'Plan Type' dropdown menu set to 'Fixed Time'. A blue arrow points to this dropdown. Other fields include Plan Name, Plan Fee(S), Controller, User Group, Time Period (with a 'Seconds' dropdown), and Description. 'Close' and 'Save' buttons are at the bottom right.

This screenshot shows the 'Add Plan' form with the 'Plan Type' dropdown set to 'Fixed Time'. It highlights the input fields for 'User Group', 'Time Period' (with a 'Seconds' dropdown), 'Description', 'Upload Speed' (with a 'Kbps' dropdown), and 'Download Speed' (with a 'Kbps' dropdown). 'Close' and 'Save' buttons are at the bottom right.
